

Fundamentals of Structures 2015

Communication 01.04.2015

Dear Students!

The planned construction site visit will be taking place next Tuesday. We start up at 12.20 pm. the latest from K building 221 to Budapest Váci St. 17. At this time we can only see some underground constructions of the bureau-house under construction. Please study the projects of the building I have placed in a map on the homepage, so that you can put questions next week!
